GLOBAL RESEARCH INTERNSHIP PROGRAM (GRIP) Your Bridge from Classroom to Real-World Success

In today's volatile and competitive world, grades alone are not enough. Students need global exposure, practical experience, and a platform that makes them visible to universities and employers worldwide.

The global student programs from IFSPD Europe - a special consulting partner of UN - GRIP and PORT - gives ambitious students real-world corporate, social, and leadership exposure—preparing them to stand out in university admissions and careers.

International Institute of Medical Science & Technology Council (IIMSTC) is registered with Ministry of Corporate Affairs, Ministry of Small - Medium Entrepreneurship, Ministry of External affairs, NITI Aayog, NGO Darpan, Engineers Council of India, Government of India.

GRIP is a 4-month structured capacity-building program for ambitious students who want to move beyond academics. It equips them with research, corporate, social, and leadership experience that prepares them for university admissions and career success.

1. Corporate Immersion - Insights into Corporates

- ♦ Real-world case studies and problem-solving
- ♦ Tailored to student majors (Engineering, IT, Sciences, Humanities)
- ♦ Exposure to how global businesses make complex decisions

2. Social Start-ups - Experience Starting Up

- ♦ Students Co-Create Ventures addressing real social challenges
- ♦ Builds entrepreneurship, innovation, and social impact skills
- ♦ Adding immense real world credibility to the portfolio

3. Port - Global Visibility

- ♦ Students define goals and build a digital portfolio showcasing achievements, projects and certifications.
- ♦ Gain Visibility with international universities and recruiters
- ♦ Unlock Best fit colleges and global opportunities

4. CXO Shadowing (Top 10%)

- ♦ Elite students shadow senior CXOs.
- ♦ Rare first-hand insight into decision-making and leadership.

PORT: Global Visibility Engine

PORT, trusted by the best institutions worldwide, helps you define your goals, showcase achievements, gain profile gaps, to help you unlock your BestFit colleges and global opportunities — and that these opportunities find you.

1. Share your goals

Countries you want to study, and subjects you want to pursue in college.

2. Build your profile

Showcase your achievements in academics, projects, sports, and more.

3. Get insights. Improve

Discover strengths and identify profile gaps. Add SOP, LOR, and psychometrics to profile.

4. Find BestFit Colleges

Get matched to Best Fit and Dream Fit colleges worldwide, powered by our smart algorithm.

5. Get guidance

Use EVA, our AI counselor, for instant support on admission process, including SOP.

6. Be seen by colleges

We showcase your profile to admissions teams — get noticed for offers and scholarships.
